Leaving home at around 8am to meet at Burnside Council chambers by 9am (get there early so we do not have the trip report) what happened we are doing it anyway ? With all present and accounted for we get an early start up Mt Barker Rd via Eagle on the Hill, trying to find answers to the questionnaire that was given to us at the start, then on to Stirling. Quick stop in Hahndorf at the bakery for goodies for morning tea, then on to Littlehampton for morning tea. After enjoying a chat and some refreshments we were off again stopping at Mt Barker summit car park for a short walk to the top where the views were enjoyed by all.

The group enjoying the view.

Town ship of Mount Barker from Mt Barker summit.

Back in the vehicles, finally some dirt roads, trying to find the answers to Rob & Marcia's questions that we were given at the start. Some were a little hard as they were not in their correct order, eventually we arrive at Wall Flat on the Murray River for lunch where we were treated to some tricks by some jet ski riders. Leaving the river heading towards Woodside, Mitchell Gully had some obstacles to negotiate. Dad found out what that other lever next to the gear lever is for; it was slow going for a short while but good fun. Arriving at Melbas Chocolate factory it was time to mark the questionnaire to determine the winner, Trevor & Barbara Burford, who received a voucher to spend at Melbas . As first timers as Tailend Charlie, a big thanks to Rob & Marcia for a great day a very well organized drive.
